Kelsey - see Steve Auer. He has the list, and Don G w EPA specified that in the analytical rqst.

Thanks

Kelsey,

You'll have to check with Steve Way on what they'd like for analyses; I was just collecting the samples for EPA/ARSG as part of the Needle Creek Reconnaissance on the Animas River, so I do not know the details of their sampling and analyses plan .

Thanks

Hi Bruce,

Sorry I was not there to receive your samples yesterday.. I was back in the lab. One quick question about the chain of custody: Is the Wet Chemistry analysis only for anions or do you want Anions, Alk, TSS, and TDS?

Thanks,

Kelsey

Hi Bruce,

I will be available any time after 1pm to receive those samples! Just bring them to the front desk and tell them they are for ESAT.

Thanks!

Hi Kelsey,

I have the Needle Creek samples ready to bring over to the lab this afternoon.

Let me know what time would be convenient for you.

Thanks,

Bruce,

The lab is expecting to receive the samples from you Monday. If you would contact Kelsey when you know your plans to drop them off, she will arrange to meet you. If this is a problem for you to do, let me know and we'll work

something out.

Her number: 303-312-7710

The EPA lab in Golden is at:

16194 W. 45 th Drive

Thanks,

Steve
